RE: Contract No. 2630819 – To Fund City's share of Port Authority

This contract was originally held by Councilmember Kenyatta as he had questions for the Finance Department who initiated this proposed contract amendment for six years instead of the usual annual amendment.

Council received a memo from the Finance Director that was a line item on the February 14th Calendar. Discussion of this memo prompted Councilmember Sheila Cockrel to refer this contract to us, asking if this amendment was an appropriate change in budget procedures.

We reviewed the contract amendment and discussed it with Jermaine Brown of Finance – Project Administration as well as Jim Edwards of the Law Department.

We feel there are two main concerns regarding this document. First, is the contract written so that if the Mayor and the Council choose not to appropriate funding for the Port Authority during the period of this amendment, the city is still contractually obligated to pay? Second, does the funding proposed in this contract suffice to cover the time frame of the contract amendment, so as to alleviate additional amendments?

In answer to our first question, Mr. Edwards referred to the language on page 5 "Amended Exhibit A - Scope of Services" under "Project Description" as adequate language to prevent payment to the Port Authority if there was a fiscal year that funds were not appropriated for that purpose. Council may wish to refer this question to the Research and Analysis Division to get legal concurrence or further clarification.

We pointed out to both Mr. Edwards and Mr. Brown that insufficient funds were being set up to allow a six-year amendment as well as that throughout the

document both 2011 and 2012 were referred to as the extent of the amended period.

Assuming that the city continues to appropriate \$250,000 as it has for many years, the requested amendment of \$1.25 million would only suffice through June 30, 2011.

Mr. Edwards said that he would contact Mr. Brown in Finance-Project Administration about making all of the dates identical throughout the document and then getting those changes initialed by both parties so as to provide Council with a revised contract amendment.

In reading Pubic Act 639 of 1978, section 120.124 Operating budget, it does state that "the authority shall submit a detailed estimate of the budget required for the business and conduct of the authority's affairs, initially, for a 2-year period, and annually thereafter to the governing bodies of its constituent units, the department of commerce, and the department of state highways and transportation for approval." So by law the Authority needs to provide a budget request to be considered, whether or not this extended amendment is in place.

P.A. 639 goes on to state, "The state shall provide 50% of the operating budget of the authority.....Fifty percent of the operating budget of an authority in which not more than 1 county and not more than 1 city participate shall be funded equally by the participating county and city." So if the operating budget were to increase over \$1 million, the city would be responsible for more than \$250,000 in a fiscal year, and this amendment would have to be amended before the end of the 5 year extension because a maximum amount of \$250,000 for any one year is stated in the "Amended Exhibit B – Fee Schedule".

There should be a corrected copy of this contract amendment presented to the Council before it is put on the Formal Agenda. Additionally, you may want the opinion of the Research and Analysis Division as to whether or not this contract is binding for all 5 years at \$250,000 per year.

Attached are copies of the contract amendment #3, the Finance Director's memo as well as Public Act 639 of 1978.

Re: Detroit/Wayne County Port Authority P.O. #2630819

Wayne County commissioners are not being asked to afford the same extension to the Detroit/Wayne County Port Authority. The Finance department has requested a six-year extension instead of an annual contract to assure prompt payment. Normally contract renewal delays the Port Authority's quarterly payment. With the six-year extension funds will continue to be accounted for in the appropriate period. Each year Council will review the funding and appropriations for the Port Authority. If Council approves the fund during the budget deliberations, the payment process will continue. Now, each year Project administration has to prepare at a minimum a contract amendment. This saves paper and time for both Council and Finance.

If you have any questions, please feel free to contact Jermaine Brown at 224-3351 or via GroupWise.

Thank you in advance for your cooperation.

(1) An authority and 1 or more constituent units may enter into a contract or contracts for the acquisition, improvement, enlargement, or extension of port facilities and for the payment of the cost thereof by the contracting constituent units, with interest, over a period of not more than 40 years.

(2) Each contracting constituent unit shall pledge its full faith and credit for the payment of its obligations under the contract. If the constituent unit has taxing power, each year it shall levy a tax upon all real and personal property within the constituent unit, which may be imposed without limitation as to rate or amount, to the extent necessary for the prompt payment of that part of the contract obligations as shall fall due before the following year's tax collection. The tax shall be in addition to any tax which the contracting constituent unit may otherwise be authorized to levy and may be imposed without limitation as to rate or amount, but shall not be in excess of the rate or amount necessary to pay the contract obligation. If any contracting constituent unit at the time of its annual tax levy has on hand in cash any amount pledged to the payment of the current obligations for which the tax levy is to be made, then the annual tax levy may be reduced by that amount. For the purpose of obtaining the credit, funds may be raised by a contracting constituent unit in 1 or more of the following methods:

- (a) By service charge to users of the facilities owned by the port authority.
- (b) By setting aside state collected funds disbursed to the contracting constituent unit.
- (c) By special assessment upon lands benefited.
- (d) By setting aside any other available money.

(3) A contracting constituent unit may agree to raise all or any part of its contract obligation by 1 or more of the methods enumerated in subsection (2) which may be available. The various powers granted in this act to a constituent unit shall be exercised by its governing body.

(4) If a constituent unit, other than a county, operating under this act elects to raise money to pay all or a portion of its share of the cost of a project by assessing the costs upon benefited lands, its governing body shall so determine by resolution and fix the district therefor. The governing body shall then cause a special assessment roll to be prepared and thereafter the proceedings in respect to the special assessment roll and the making and collection of the special assessments on the roll, shall be in accordance with the provisions of the statute or charter governing special assessments in the constituent unit, except that the total assessment may be divided into any number of installments not exceeding 30, and any person assessed shall have the right at the hearing upon the special assessment roll to object to the special assessment district previously established.
